

Hudswell Community Pub Ltd

An IPS for Community Benefit

Society Registration Number 30867R

Our tenants: Jackie and Margaret Stubbs

Between them Jackie and Margaret have many years experience in the in the pub trade and hospitality industry. But running their own pub is a new challenge for them, which they are determined to meet.

Over to you!

Hudswell Community Pub Ltd have appointed Jackie and Margaret to run the George and Dragon. As our tenants they are entirely responsible for the development of the business, deciding what beers to sell, menus to offer, events to put on and which staff to hire and fire. The board and members of HCP Ltd will support and advise them and also monitor their progress. But it really is a question of **"over to you now Jackie and Margaret!"**

Since opening on the 5th June the George and Dragon has been very busy and trade is good. People are rediscovering what a great place the George and Dragon for a drink, a meal and good company.

Of course, as we always promised, the reopened George and Dragon is far more than just a pub. It is a meeting place for local events, it houses the village library, it has ten community allotments, it provides free internet access and it will provide a village shop. Nevertheless it's still great to have the pub back. See you in there!
